

Upper School Supply List for 2017-2018

- box of tissues for your cubby or for your Advisory
- flash drive
- graphing calculator for math and upper level science courses
- notebooks for each class--in most cases, there are no specific requirements for the type of notebook needed. You may want three-ring binders for classes which use a lot of handouts [English-grades 9 and 10, and Social Studies—all grades]. Please note, however, Trapper Keepers[®] are NOT the best choice for students who struggle with organization and/or turning in work. Papers seem to get lost in these!
- Pens—blue/black
- pencils

The Upper School will NOT supply student planners this year, so if you would like a planner/calendar/Day Runner[®], please purchase one for yourself.

Any additional Upper School course-specific requests for materials/supplies will be given to you during the first week of classes.

Please note, this year ALL hardbound textbooks must be covered! The paperbound books have a protective coating on them, but it is helpful if these are covered as well.
